## MESSAGE FROM THE VICE CHANCELLOR OF THE MONTGOMERY CAMPUS

***Lance Tatum***  
***Vice Chancellor***  
***Montgomery Campus***

“Educate the mind to think, the heart to feel and the body to act,” these words represent not only TROY University’s motto, but also our mission. Founded in 1887, TROY University is a diverse, public university whose goal is to allow every TROY graduate to enter the world with the education they need to succeed, and the passion to make a difference in their community. We are committed to the highest standards of academic excellence, with faculty drawn from among the best in their industry. For the past 50 years TROY University has built its service to the non-traditional student on convenience and affordability. We don’t insist on a one-size fits all model. Students have the choice to customize their education to suit their career objectives, with flexible delivery platforms that fit a busy life and schedule.

Troy University’s Montgomery Campus is located in the historic heart of downtown and serves as one of the anchors of the downtown business community. Built around the student’s educational needs, the University serves students from throughout the River Region in face-to-face, blended and online delivery platforms. Whether you choose to take a course on the Montgomery Campus, online or at one of our other Alabama campuses; the quality of your degree program is the same.

Troy University Montgomery understands the demands of balancing life with the goal of obtaining your degree, and provides students with services through our Student Development Center, located in Whitley Hall. Students have access to tutoring, testing and proctoring, disability services for those who need additional learning support, as well as a TROY for Troops resource center. For students who are undecided about their degree path, the Student Development Center provides advisers who are skilled in listening and career planning. Most importantly, Troy University Montgomery Campus students have highly qualified faculty and staff members who are dedicated to teaching and lifelong learning.

Please consider this a personal invitation to visit Troy University’s Montgomery Campus and speak with one of our enrollment advisers about your educational goals. To schedule a visit, or merely to speak to an admissions specialist, you may call 1-800-355-8786 or (334)-241-9506. You can also email the Admissions Office at ([admissions@troy.edu](mailto:admissions@troy.edu)) for more information about enrolling at TROY. I look forward to meeting you on the Montgomery Campus where your education is our priority.

Lance Tatum, Ph.D.  
Vice Chancellor

# TROY TROJAN'S SUCCESS WARRIORS

**Dr. Pengfei Hao**  
**Physical Therapist/Certified Athletic Trainer**  
**Prayer Physical Therapy Institute**  
**Prattville, Alabama**

Dr. Pengfei Hao, received his Bachelor of Science Degree from Troy University in Athletic Training on his way to attaining a Doctorate Degree in Physical Therapy. Dr. Hao credits his degree in athletic training for providing him a strong foundation to pursue his Doctorate Degree in Physical Therapy. Dr. Hao cites the professionalism of his instructor corps as helping him develop the confidence required to take on his doctoral program. As a Physical Therapist, Dr. Hao uses his skills to evaluate and rehabilitate his patients thus allowing his patients to return to a more normal lifestyle. He spends some of his time in preventive care minimizing the chances that some of his patients will experience more serious injuries. Again, he said the professionalism he learned attending Troy University has served him well in his profession. Dr. Pengfei Hao, understands that being a “Warrior” means caring for those you serve, and as a Trojan Warrior, he does this exceedingly well!

**Ms. Mona Martin**  
**Vice President, Human Resources and Leadership Development**  
**YMCA of Greater Montgomery**  
**Montgomery, Alabama**

Often times in a Troy University student’s experience they are searching for and seeking a foundation that will carry them into their professional future, this was certainly the case for Ms. Mona Martin. She said she received her foundation when completing her Master of Science in Human Resource Management from Troy University Montgomery Campus. Ms. Martin said as the Vice President of Human Resources and Leadership Development for the Montgomery Area YMCA, she is confident in her duties and feels well equipped to provide the leadership training and direction required to assist an institution like the YMCA to be successful. She credits this confidence in her ability to her time as a Troy University student and what she was able to glean from her experience. We all know the lives impacted by the YMCA each day, and as a “Trojan Success Warrior” Ms. Mona Martin is helping to grow future warriors within the Montgomery area one day at a time!

**Mr. Christopher (Chris) A. Lewis**  
**Director, Alabama Technology Network**  
**Montgomery and Selma, Alabama**

Mr. Chris A. Lewis completed Troy University's Executive Masters of Business Administration (MBA) Degree while attending the Montgomery Campus. Mr. Lewis said his experience in the MBA program provided him the institutional training and knowledge required to properly analyze and plan needed strategies in a given business situation. He said his experience at Troy is one he has relied upon many times throughout his career. Also, he remembers the diversity his classmates brought to his experience and how each one of his fellow students was instrumental to his own learning and personal growth. Mr. Lewis remembers how professors like Dr. Earl Ingram made him feel that he would always be a part of the Trojan family. This experience helped him to understand more fully the importance and value of being part of a team. He stated that in his current position, his company strives to provide the most innovative technical assistance and training to business and industry within the Montgomery/Selma areas. He went on to say that Troy University providing him the ability to be a strategic thinker is what has made him successful in his current position. Mr. Chris A. Lewis, helping business and industry in the local area to compete like "Warriors," understands well, it is this "Spirit" that will keep Montgomery and Selma economically competitive well into the future!

**Mr. Kenneth Baumayr**  
**Force Support Division Manager**  
**Vectrus Corporation**  
**Maxwell Air Force Base**  
**Montgomery, Alabama**

Mr. Kenneth Baumayr completed his Master of Science in Management degree with Troy University Montgomery Campus in 2014. Not long after completing his degree with the University, Mr. Baumayr indicated that he had applied for a position two levels above the position he currently held with his present employer. He was notified that he was selected for the position and was informed that having his graduate degree was a major factor in the hiring decision. Like others, he was very impressed with his professors, but also stated he gained great insight from the international students attending the program with him as well. He said since Vectrus is an international company, what he has been able to bring to the Vectrus management team has been invaluable. Also, he stated that in his new position with the company, he is now postured to move to an international position if the opportunity should arise. When asked what has allowed him to be so successful, he replied, "I was able to put what I learned at Troy into practice immediately." Mr. Ken Baumayr is a good example of Troy University preparing its students to be "Trojan Success Warriors" on an international stage!

## IMPORTANT POLICIES FOR ACADEMIC YEAR 2015/2016

### Scheduling Format

Effective Fall 2014, the Montgomery Campus scheduling format changed from 16-week semesters to two 9-week terms (T1 & T2 for Fall; T3 & T4 for Spring; and T5 for Summer). ALL courses are on the 9-week format except School of Nursing courses and a few College of Education Practicum courses (See Schedule for exceptions).

### Student Admission Requirements

Students' admission documents must be on file and admission requirements satisfied prior to registration. For New Admission Standards, see page 9.

### Campus Communications - E-mail - Official Means of Communicating Information to Students

The University has installed a single E-mail system as the University's official link with students. Students should access the site by logging onto ([mail.troy.edu](mailto:mail.troy.edu)) and follow the instructions provided. Students who forward their campus E-mail to other accounts do so at their own risk. The University is only responsible for ensuring the E-mail gets to the student account maintained by the University. **Now, the second point is essential.**

**The University uses the campus E-mail system as its official means of notification concerning a variety of administrative issues -- faculty-student communications, billing notices, registration changes, financial aid missing information letters and the like.** All billing will only be available via Troy E-mail.

The E-mail notification system will allow the University to provide all students more timely information on important issues.

The University is also providing additional resources for phone services in the Financial Aid Office. This service provides increased access for students to receive answers to financial aid related questions by phone. The phone number for financial aid questions is 1-800-414-5756.

You also now have the ability to sign on to Trojan Web Express enabling you to view your student account balance. Further, if tuition and related fees are due, you have the ability to pay online through credit card.

### Tuition/Fees/Other Charges

Troy University encourages full payment of all tuition and related fees prior to the first day of the term/semester. Failure to pay the balance in full by the payment due date printed in the schedule will result in a late payment fee of \$50.00 as well as a restriction on future class registration and non-release of transcripts. See Academic Calendar on pages 2-4 and/or page 11 for Late Payment Fee Dates.

When a student registers by any means (internet, walk-in, etc.), he/she will be required to pay all tuition and fees.

**THERE WILL BE NO LATE REGISTRATION ALLOWED AFTER JANUARY 11, 2016, FOR TERM 3 (T3) AND S SESSION; MARCH 21, 2016, FOR TERM 4 (T4).**

Financial aid or third party payments that have been processed, loan guaranteed or pell awarded will count toward the student's tuition. Students who are waiting for financial aid or third party payments to be awarded (in process, but not approved) will be required to pay tuition and fees by the payment due date or a late payment fee will apply. **The key point is to get financial aid and third party aid processed early.** Students who have not yet met minimum admission standards will not have Financial Aid awarded; therefore, they should be prepared to pay all tuition and fees at the time of registration.

It is the student's responsibility to manage their financial account online through Trojan Web Express. Payment reminders will be sent out to the student's email account and delinquent notices will be sent to the mailing address on file. It is the student's responsibility to insure that information in the system is accurate. Payment due dates are published in this schedule as well as posted on the Troy University website.

## REFUND PROCEDURES FOR STUDENTS

Each registered TROY student will receive a Trojan OneCard. The Trojan OneCard will be mailed to the student, using the address on file with the University. To receive any refunds from the University, a student must activate his or her Trojan OneCard. During card activation, the student will choose how to receive his or her refund money. Options available include having the student's refund:

### 1. Directly deposited to the student's Trojan OneCard Account

(1 day or less)

The OneAccount from Higher One is a fully functioning FDIC insured free checking account that allows students to access their refunds quick and easy. The OneAccount has no minimum balance, no monthly fees and free Internet banking features. With the OneAccount, students can use their Trojan OneCard to make purchases anywhere Debit MasterCard is accepted. Students will receive an E-mail when their refund has been directly deposited to their OneAccount. Students may view detail activity of their OneAccount by accessing their OneAccount Statement online at ([www.TrojanOneCard.com](http://www.TrojanOneCard.com)).

### 2. Deposited to another bank account of the student's choice

(2-3 business days)

If students choose to have their refund deposited to another bank account of their choice, the transfer may take 2-3 business days from the day the University releases the funds. In order to have a refund deposited to their bank, students must first activate their Trojan OneCard at ([www.TrojanOneCard.com](http://www.TrojanOneCard.com)). For this option, students will need to complete, print and mail the third party form to the designated address. The third party form is available online at ([www.TrojanOneCard.com](http://www.TrojanOneCard.com)).

Regardless of how students choose to receive their funds, they still need to activate their Trojan OneCard. Students are required to activate their Trojan OneCard and make a refund selection online at ([www.TrojanOneCard.com](http://www.TrojanOneCard.com)).

## STANDARDIZED LAB/COURSE FEES

All Troy University Alabama campuses now charge the same (standardized) laboratory/course fees for classes. The following is a list and explanation of the different types of laboratory/course fees that are now charged. The fees for each class are reflected under the heading Fee (\$) in our schedule of classes beginning on page 26.

**Base Fee (Sorrell College of Business):** Fee is used to provide enhancements for course delivery and to make improvements for a better learning environment (classroom and lab computer/projection capabilities, specialized course hand out materials, guest lecturers and technology upgrades to various programs/courses within the College of Business). This fee is \$30 for each business class.

**Contract Fee (Sorrell College of Business):** Fee is paid to Education Testing Service (ETS), the Society of Human Resource Management and to Pearson Education Software for the Major Field Tests and for software packages administered in the various business courses. This fee is \$30.

**Course Enhancement Fee:** Fee is used to provide enhancements for course delivery and to make improvements for a better learning environment (classroom and lab computer/projection capabilities, specialized course hand out materials or specialized assessment/evaluation materials, guest lecturers, individualized instruction and

technology upgrades to various programs/courses in a particular college). This fee applies to most College of Education classes and some College of Arts and Sciences classes. This fee ranges from \$5 - \$50 depending on the class.

**Course Testing Fee:** Fee is used to purchase, on behalf of the student, specialized tests and/or testing materials associated with a particular course. This fee applies to only a few business classes and ranges from \$30 - \$80 depending on the class.

**Lab Fee:** Fee is used to upgrade and maintain lab equipment in specific courses and/or labs within the college department for supporting particular degree programs. This fee applies to various arts and sciences classes to include biology labs, chemistry labs, computer science classes and science labs. It also applies to some business classes to include information system classes and some communication and fine arts classes. This fee ranges from \$15 - \$180 depending on the class.

### **Delayed Disbursing of Financial Aid, Refunds and Book Purchases**

During the first few days of the academic term/semester, the University allows students to make free course schedule adjustments which results in course load changes, lab requirement changes and so forth. In essence, the student's schedule is in a state of flux which also impacts key administrative functions such as financial aid, scholarships, grants and loans.

To accommodate these student-driven changes, the University will wait until the end of the free course schedule adjustment period to begin assessing charges for tuition and fees. Because of this free period for course adjustments, it will be the second week before the University credits financial aid to student accounts. Any remaining funds (credit balances) due to you will be provided after financial aid disburses. Students anticipating credit balances from financial aid for living expenses will need to plan for this delayed disbursement.

New borrowers must complete a Master Promissory Note (MPN) with our guarantor (KHEAA) before lenders will release funds to the University.

**For students who rely on financial aid and/or have sponsor authorization for textbook purchases, book charging will be available in the bookstore on November 18, 2015, for Term 3 (T3); February 22, 2016, for Term 4 (T4). See pages 38-39 for online textbook information.**

Students who have not met minimum admission status will not have financial aid awarded and should be prepared to self-pay for textbooks.

Those students with their financial aid already processed will be able to register with assurance that all administrative processes are in good order.

Remember, **IF YOU PRE-REGISTER AND APPLY FOR FINANCIAL AID, YOU WILL BE RESPONSIBLE FOR ALL CHARGES UNLESS YOU PROPERLY CANCEL YOUR REGISTRATION, REGARDLESS OF WHETHER OR NOT YOUR FINANCIAL AID IS APPROVED OR NOT APPROVED.**

Begin now to get your 2015/2016 FAFSAs submitted to the U.S. Department of Education by going to our financial aid website at ([www.troy.edu/financialaid](http://www.troy.edu/financialaid)) so your funding will be in place when the tuition and fees are due. Also, be sure to meet all admission requirements as soon as possible to avoid financial aid delays.

These results are used to fulfill a SACS requirement and are important to the continuation of SACS accreditation. This is a system-wide requirement, necessary for our SACS accreditation. Students should take the exam very seriously and complete it to the best of their ability. For more information on the Proficiency Profile Test, go to ([ets.org/mapp](http://ets.org/mapp)).

Additional collection fees will be added to the indebted amount.

Notice: You may not enroll for future terms/semesters if you are indebted to the University. The current term/semester must be paid-in-full at the time of registration.

**TUITION REFUND POLICY** - Students who drop or withdraw before the Free Course Schedule Adjustment period will receive a full tuition and lab refund (less miscellaneous fees). No refunds of tuition are made after the Free Course Schedule Adjustment period published in the schedule, unless the drop or withdrawal is documented to show reasons beyond the student's control. Adequacy of documentation is at the discretion of the University. The Business Office requires up to 30 days to process all refunds (See page 8 for Student Refund Procedures).

STUDENTS NEEDING TO WITHDRAW WHO ARE GEOGRAPHICALLY SEPARATED, SHOULD CONTACT THE STUDENT SERVICES OFFICE AT (334) 241-9532.**

Telling your instructor or telephoning a university official does not constitute an official drop or withdrawal. A "DROP FORM" is used when a student wishes to drop one or more, but not all courses. A \$30 per course drop fee, or \$50 withdrawal fee will be charged after the last day to make free course schedule adjustments without owing full tuition/fees. All tuition and fees must be paid if a drop or withdrawal is submitted after the above dates.

**FINANCIAL AID STUDENTS** - Federal regulations require Troy University to return a prorated amount of the financial aid to the Department of Education for students withdrawing after above refund dates and before completing 60% of the term/semester. The student will be responsible for paying the amount returned to the University.

Students requesting retroactive drops or withdrawals must provide appropriate documentation within six months after the end of that term/semester to the Campus Registrar for approval.

**GRADE STATUS AT TIME OF DROP OR WITHDRAWAL** - Students who drop or withdraw from a course(s) BEFORE the last day for drop/withdrawal with non-punitive academic grade will not be charged academically for hours attempted; however, full tuition and fees will be charged. Students who drop or withdraw from a course(s) AFTER **February 12, for Term 3 (T3); April 22, for Term 4 (T4); and March 21, for S Session/Nursing**, will be charged academically with hours attempted (will receive grade as earned) in the computation of grades for these courses and for the overall grade point average. If there are documented circumstances beyond a student's control, these documents must be presented to the Campus Registrar for review and approval for an exception to the above policies. Contact the Student Services office for specific information.

Drops and withdrawals may be processed during the following times: Whitley Hall, Room 431, Monday - Thursday, 8 a.m. - 5:30 p.m.; Friday, 8 a.m. - 12 p.m.

**NOTE: FOR ADD/DROP AND WITHDRAWAL DATES FOR ETROY ONLINE CLASSES SEE PAGE 38. ETROY ADD/DROP AND WITHDRAWAL DATES MAY BE DIFFERENT THAN THE DATES FOR MONTGOMERY CAMPUS CLASSES.**
