Trojan OneCard & Refunds

How are refunds sent back to the student? There are several ways for this to occur; however, having your refund applied to your Trojan OneCard makes the process very simple and convenient.

The Trojan OneCard is issued to new students when they register for classes in their first term at TROY.

Once the student receives his/her Trojan OneCard, the student must go to TrojanOneCard.com to activate their choice of refund delivery methods. The student should activate their choice within two business days.

A student may choose one of the following refund delivery methods:

1. Debit Card OneAccount (Easy Refund)
2. Direct deposit to a bank account of the student's choosing

The Debit Card OneAccount (Trojan OneCard activated as a debit card) is tied to a fully functioning FDIC insured checking account. There is no credit check to open this account. The student may use the debit card anywhere the MasterCard Debit Card is honored. To avoid paying debit fees; choose credit after you swipe your card, and sign.

For more information, please go to troy.edu and TrojanOneCard.com.

Nutrition Minor

Troy University offers a nutrition minor program through the Department of Kinesiology and Health Promotion. A minor in nutrition is an excellent complement to many academic majors including Exercise Science, Hospitality Sport & Tourism, Biology, Chemistry, Human Services, Social Work, Nursing, Psychology, and pre-health professions programs. Nutrition courses provide academic preparation for certification programs such as personal trainer or diabetic educator. Students may also take nutrition courses as electives. All courses are offered conveniently online and will not interfere with course schedules. The minor may be completed in one year. Troy University has partnerships with other universities to accept all courses in the nutrition minor for transfer to undergraduate and graduate programs in nutrition and dietetics.

Getting Started

Online education gives you the opportunity to advance your learning without having to come to the Troy campus. The online courses are conducted entirely through the Internet, allowing you to receive assignments, submit coursework, and interact with your professor and other students via your computer. The courses are primarily asynchronous, which means you don't have to be at your computer at the same time as others. You will spend much of your time reading and responding by sending messages within the on-line classroom environment.

Advising

Once you are admitted to a Troy University online degree program you receive by email your administrative counselor and faculty advisor name for a graduate program and your professional counselor name for an undergraduate program. If you are unsure of who your advising staff is please call toll-free at 800-414-5756 or email at ask@troy.edu. Please be sure to have your student id number and your home location.
